**HELP ME!! Think Green**  
Bexar County Honors HMC!

On March 10, 2009 - Nancy Victor, President of HELP ME!! Computers, LLC was presented with the Environmental Advocate Award "Women Taking the Lead to Save our Planet." This honor was given in recognition of Bexar County Women's History Month at the Bexar County Commissioners Court.

One of the most significant things that we can do to make a positive impact and set a good example is to avoid adding to the ever-growing problem of hazardous electronics waste in our landfills.

**Coming Next on Great Day SA**

**HMC Now Appearing on KENS5**

Join Great Day SA Host Bridget Smith and  
HELP ME!! Computers for the latest  
technology tips and news.

Tune in on May 12th at 9am or visit our  
[website](#) to view our May episode.

We will be discussing the  
importance of proper preventative  
maintenance of your residential or  
business systems.

**twitter**

The world is all a'Twitter

We discussed how computer security keeps unauthorized users from accessing your data (i.e., accounting system or checking account information, client lists, personnel records, credit card information and your email accounts) and how you can protect yourself with the most cost-effective solutions.

**Who needs to be concerned about security?**

Everyone – internet and non-internet users (because while you may not ever use the internet, someone could physically steal your computer and access your private information).

**HELP ME!! Computers' Efforts Recently Highlighted in SA Business Article**

The recent article by Ronda Templeton in the San Antonio Express News highlighted HELP ME!! Computers' specialization in emergency services and how the economy is effecting computer repair choices.

"...when the economy is booming and a computer gets a messy virus or crashes, consumers say, "It's too much trouble to have it fixed and computers have gotten cheaper, so I'll just buy a new one." Today, many are opting for less-expensive repairs. But what if your computer can't be repaired or you decide you'd rather have a new machine? Victor encourages everyone to donate or recycle."
