Windows 7 Now Available

Waiting to upgrade from XP or Vista...now is the time!

For nearly a year, your Help Me!! Tech Team has beta-tested Windows 7 and found it to be a reliable, robust operating system for your personal and business needs. Key advantages of upgrading to Windows 7 include:

- Smoother network functionality (unlike Vista)
- Greater security (without the hassles of Vista)
- Upgraded search capabilities
- Allows for backwards XP compatibility for running your XP programs

To learn more about upgrading to Windows 7, please call us at 210.822.8817 or email us at info@helpmetechteam.com.

Our Essential Technology Solutions

Telecommunications Highlight:

Help Me!! Tech Team is Now Offering Super Fast Mobile Internet from Clear™

CLEAR™ is a new advanced technology that enables users to create their own "hot spots" for Internet service; whether they are at home or office, in their car, at a park, or at any other location within the San Antonio area and several other markets throughout the United States.

Just plug and play... no wires. If you can plug in a toaster you can set up your home/office CLEAR™ modem with instant service.

- Each CLEAR™ home/office modem can service up to 8 computers!
- With the CLEAR™ USB modem you don't have to go to the coffee shop or book store with your laptop to get super fast Internet.
- CLEAR™ can deliver up to 6 Megabytes of Internet speed with no usage limitations.
- We offer same day service with FREE delivery to your home or office within the San Antonio and surrounding areas.

Swine Flu and IT Continuity

"...clearly, a pandemic can wreak havoc on the operations of companies not prepared with a Business Continuity Plan, jeopardizing their existence."
